Fax: (715) 687-4716

Welcome to Stratford Therapy Services!

You have received a referral for therapy and we welcome the opportunity to be part of your health care. While receiving therapy, you will be treated by our team. Although you will have one primary therapist, you may receive treatment from several therapists, each offering special skills and treatment techniques. We have found this most beneficial for our patients.

Enclosed are the forms to complete prior to your first visit:

- ***Subjective Evaluation Form***
- ***Patient information Sheet***
- ***Two Page Questionnaire*** –this is a standardized test recommended by Medicare, recommended by the APTA (American Physical Therapy Association).
- ***Medications*** –Medicare now requires that you list your *current* medications. If we do not have your list of medications, we may not be able to treat you. ***Please use the back of this page.***

Also, remember to bring with you:

- ***Therapy referral*** if we do not have the doctor's orders, we may not be able to treat you. Please keep us informed of any future doctor appointments so we can send progress reports.
- ***Insurance card(s)*** keep us informed of any changes.

Please complete all paperwork ***before*** you come to your therapy appointment so that your therapist has a chance to review it and your treatment time is not devoted to filling out the paperwork! Of course, if you have any questions or concerns feel free to call or come in early so that we can assist you.

We look forward to meeting you!

Stratford Therapy Services, Inc.

Directions: Stratford is 10 miles north of Marshfield. Go 2 blocks north of the stop light at the intersection of Highway 97 and Highway 153. Turn east on Elm Street. We are located at the corner of Elm Street and Second Avenue (one block east of Highway 97).
