Welcome to Stratford Therapy Services!

You have received a referral for therapy and we welcome the opportunity to be part of your health care. While receiving therapy, you will be treated by our team. Although you will have one primary therapist, you may receive treatment from several therapists, each offering special skills and treatment techniques. We have found this most beneficial for our patients.

Enclosed are the forms to complete prior to your first visit:

- ***Subjective Evaluation Form***
- ***Patient Information Sheet***

Also, remember to bring with you:

- ***Therapy referral*** if we do not have the doctor's orders, we may not be able to treat you.
- ***Insurance card(s)*** keep us informed of any changes
- ***Worker's Compensation:*** please provide employer's name, address and claim number along with your personal health insurance information.

Please keep us informed of any future doctor appointments so we can send progress reports.

Please complete all paperwork ***before*** you come to your therapy appointment so that your therapist has a chance to review it and your treatment time is not devoted to filling out the paperwork! Of course, if you have any questions or concerns, feel free to call or come in early so that we can assist you.

We look forward to meeting you!
